

First Stryk Dobermanns

Holter Monitor Loan Program Criteria & Requirements

Our Dobermans' lifetime health and well-being is one of our top priorities. Our **Holter Monitor Loan Program (HMLP)** will make available to all FSD puppy owners the use of a digital holter monitor so that you, *if you choose*, may have your FSD's heart monitored as often as you like for signs of cardiomyopathy.

What this program provides:

1. The 5-day use (including shipping times unless otherwise agreed upon) of a DR200 Digital Holter Monitor from Alba Medical for the 24-hour monitoring of your FS Doberman with **no** rental charges. These links will describe the monitor that will be made available to you:
http://www.albamedical.com/images/datasheet_DR200HE.pdf and
<http://www.albamedical.com/holterrecorders.html> (it's the first holter monitor listed).
2. Lead application instructions with diagram / pictures.
3. Use of one (1) digital SD card (this card **MUST** be returned to me upon completion of the reading).
4. Daily journal to be submitted with the digital SD card for the recording to be read (attached to this email).

We are asking that anyone interested in participating in the program please purchase their own disposable items (defined as: leads, vest and/or vet wrap*); be willing to pay the cost of shipping (with insurance) to their location and the holter's return to me as well as pay the minimal fee to have the digital recording read.

*Links for the purchase of these items are located under at the end of this document and in the program's introductory email you should have received. They can also be found on our website at www.firststryk.com.

How this program works:

1. You must submit a request in order to reserve the holter for a specific date - and for which dog you would like to use it on - in writing either via snail mail, email to the email address firststrykdobes@yahoo.com or to tiffany@firststryk.com or via fax at 816.353.1529 **at least 3 weeks ahead** of the date requested.
2. When you submit a request, PLEASE include THREE (3) alternate dates should your first choice already be spoken for by someone else.
3. Once I have a reserve date request from you, I will post those dates that are approved on the First Stryk Dobermanns' Road Trip Page in the Calendar and notify you via email of the approved date.

www.FirstStryk.com
firststrykdobes@yahoo.com

4. Prior to shipping the holter to you, you **must** sign an **HMLP Contract** which was attached to the program's introductory email you should have received or it can also be found on our website at www.firststryk.com and return an **original, signed copy** to me via snail mail. If I do not have this prior to the expected shipping date; then I will not ship the holter and you will forfeit that reserved date.
5. When the holter is shipped to you, an invoice for the cost of the shipping, with a copy of the receipt, will be included in the package. Please include a check or money order for that amount in the box when you return the holter.
6. Should a dog not bred by FSD but who is a member of your immediate pack like to use the holter, you are more than welcome to do so BUT if another request is received from a dog that WAS bred by FSD, then please be aware that your dog's choice loan date may be bumped. Dobermans bred by FSD will always have preference in the reserving of loan dates.
7. The only thing that we ask in return is that once you receive your results, you please provide a copy either via email, snail mail or fax (816.353.1529) to FSD.

Program Requirements:

1. Dates are reserved on a first come, first served basis if it not currently in use or scheduled for use by a Doberman in our breeding program here.
2. Although you are welcome to use the holter on any dog you have; first preference in the reserving of dates is always given to a FS Dobermann.
3. You **MUST** assume all associated costs for having the digital recording read; pay the cost of shipping (with insurance) the holter to you and its return to me as well as purchase your own disposable items as defined previously.
4. You **MUST** sign and return via snail mail an original copy of the **HMLP Contract** stating that you agree to be held liable for any damage to the machine up to its full replacement cost. Although we do expect normal wear and tear to occur, should the machine come back broken (or not come back at all), chewed on, covered in mud, etc. then we expect repair or replacement costs **to be paid immediately** by the individual using the machine.
5. Please note that this program may be discontinued or amended at any time at the discretion of First Stryk Dobermanns/Tiffany Mahaffey.

Additional Information and Important Links:

Article Regarding the Importance of Holter Monitoring:

<http://www.ivis.org/proceedings/navc/2005/SAE/043.pdf?LA=1>

List of Attachments to Your Introductory Email (these documents are also located on our website):

- HMLP Contract
- Criteria and Instructions / FAQs
- Daily Journal to be submitted with SD Card for reading to Alba Medical
- Directions to Attach Leads
- Holter Reading Request Form for Mailing in the SD Card

Purchase of Leads:

Contact John Ziemann at Alba Medical via phone at 877.482.1001 or via email at albamed@optonline.net

Purchase of "No Chew" Vet Wrap (this link is the 4x5" which I personally prefer to the 2" wrap):

<http://www.jefferspet.com/product/pet-flex-no-chew-4x5-yards-1841.cfm>

Purchase of Holter Monitor Dog Vest:

Contact Mary Thrumond at holterdogvest@yahoo.com with the following measurements for your dog:

Girth measurement, measured just behind the front legs and around the chest, length from just behind the neck to about 2 inches before the tail as well as your mailing address and phone number.

How-To's / Costs of Having Recording Read:

<http://www.albamedical.com/animalhealth.html> There is also a picture of the holter vest on Alba Medical's website.
